High Value Network Plans
Info Sheet

How your High Value Network (HVN) Plan works

	High Value Network For Medical Benefits		Providers and Hospitals For lower copays or coinsurances visit: ▪ Health First Medical Group ▪ All four Health First hospitals in Brevard ▪ Privia Health providers

High Value Network

Health First Health Plans' ***High Value Network (HVN)*** is composed of Health First hospitals and providers that offer reduced copays and coinsurances to members enrolled in a High Value Network plan. This can help members save money by reducing copayments and coinsurances, including doctor's appointments and hospital stays.

Note: HVN members still have full access to Health First's extensive network of more than 4,000 providers. However, for access to lower copayments and coinsurances, they must visit a HVN provider or hospital. While HVN plans are available to all eligible Health First Health Plans' members, most HVN providers and facilities are located in Brevard County.

How do I find HVN providers I can see at the reduced rate?

You can find HVN providers online at myHFHP.org. Click on "Find a Doctor" and select "High Value Network" from the Network dropdown.

If you have any questions or need further assistance, please call Customer Service toll-free at 1.855.443.4735 (TTY/TDD relay:1.800.955.8771) Monday through Friday from 8 a.m. to 6 p.m.
